Bette enriched our CLA meetings each week with her warm smile. We were amused that she told people she was going to her "sewing circle meetings." Her kindness toward everyone was inspiring. She shared many tales of how supportive Gene was. Bette would be intrigued at an online guest book, since she was not computer savvy. Bette will be sorely missed by all whose lives she touched.

I met Betty when I first joined the Dolls and Friends Club in 1982. Her mother was a good friend and a wonderful doll collector. I would see Betty occasionally at club parties. She was a very quiet and shy woman with great compassion. My husband and I would like to extend our deepest sympathy to your family for your loss. We will always remember her kindness and friendship.
