Uncle Den, Alyssa, Joel, John and Justin, We love you. How can you fix a wound that will never heal? There is nothing I could say to make this easier for you, Time will lessen the pain but it can't erase it. I hope you find the strength in each other to get through this difficult time. You know we are here to lend a shoulder to lean on. We love you and will be thinking of you everyday. Aunt Nick, you were such a beautiful person. Everytime I saw you you would always tell me what a great Mom I am, and you have no idea what that meant to me. I am proud to have known you. I am proud to have you as an angel to watch over my children. Sleep peacefully, pretty Auntie. We will miss you every day.
