Grandpa, In your last year we got to know each other again and you once said to me " you have done more for me than I have ever done for you" to that I say you were my greatest influence in life and the things that you have done for me may have seemed small to you but they were very important to me and I have passed them along to my family. Some day we will be together in the "place you have fixed up for us" Love Matt, Crystal, Cara, and Kiersten.  
xoxo
