My Grandpa "Pop Pop" used to lay on his back on the floor, put me on his feet so i could pretend i was flying like Superman. I loved his whisker rubs when i was young. He told me one time he went to a Kenny Rogers concert and people kept asking him for his autograph because he looked a lot like Kenny Rogers.

I will always remember the fishing trips with uncle Louie and especially the time when we got locked in the camper.... he was always a fun and kind person. Very understanding, even when I was not in my youth. He will be very missed by me, I have very much enjoyed the few memories I have had with uncle louie. Mike George

Julie lit a candle in honor of Louis.

My father's the man I looked up to all my life. The most gentle man anyone could ever know, just look into those gentle eyes and all you see is his compassion, strength and love, most of all love. He cherished each person who touched his life. He was always my rock and now my world is crumbling all around me. I've lost my daddy, he is now in heaven with his loved ones who left before him. Give them a hug and kiss from me Dad, and feel my arms around you for eternity because I felt all my life that you had my back no matter what, and I have felt your loving arms around me since the day I was born. You were so kind to everyone you ever met. This world will be a much lonelier place now that you're gone. I hope now you can fish and hunt forever now with no pain in your body anymore. You have worked so hard in your life and you were the most wonderful man I have ever known. The best Father by far. I'm so thankful and glad that we shared many memories together I will always hold them so dear. I will treasure them all. Daddy you will never be forgotten, but you will be greatly missed. I love you with all my heart, from Daddy's little girl Love Julie
