Jullie Gardner lit a candle in honor of James "Jay".

Mr Crawford would always have a smile on his face. I was always curious about what he was doing in his taxiderm room in he garage and he would show me a fish or whatever he was stuffing and I would think, "eck". Then he would hang up his catches in the hallway in his house and Monica would hang a curtain the the doorway so she didn't have to look at them. He was always so kind. May you find peace in the Kingdom of God. Julie (Gavola) Gardner

I am so sorry to hear about this. I have such fond memories of this kind, gentle man. My earliest memory of him was when I was four or five and he was probably only 26 or 27. Judi and I would visit with him in his workshop and watch him make cool things out of wood. Sometimes he would patiently teach us how to break open rocks with one of his hammers so we could see how pretty they were inside. He will always hold a special place in my heart. Joyce Morgan
