Hello, I served with Michael in Korea. I saw his post from 2015 a couple of days ago on a Korean veteran website. He mentioned me in the post. I would very much like to talk to some of his family. He is what is called a DMZ vet. There is many things I could share with family about what he went thru while serving there. My condolences to his family.

He was a good neighbor always watching out for my daughters and a friend to my husband. They were both Army veterans and became good friends because of that bond. Mike was a kind and thoughtful person and he will be missed by many he left behind. But I know he will be standing tall with many of his family and friends in heaven.
