The most precious and soul stirring memories of Pat was whenever I visited my brother and her we would sit diwn at her piano and she would play and I would sing. She had an incredible collection of old jazz songs. I remember the last time we shared music., she had just finished , she was sitting on her couch regaining her breathing. I mentioned to her I had just started to learn to play piano. She got excited and said "Joey, I will show you a few tricks on the piano. Let's go. " I said no Pat take it easy. I'll stop by tomorrow. She laughed and said, "Joey I may not be here tomorrow!" Let's go." Pat not only played music she is music.Her spirit reminds me you live this life today because tomorrow is never promised to any of us. She has touched our lives with her music her spirit and so we continue on with her music in our hearts.

I was one of the women that worked with Pat on her DAR application papers. She was fun to work with back then & when she was able to attend meetings, I remember her playing the piano. Also worked a bit with her at Sew Much Comfort. We shared doing machine embroidery & talked about it on several occasions. Bob & Pat gave my son-in-laws and grandsons tickets to the air show at Selfridge AFB which they enjoyed immensely. Always enjoyed her friendly company & always encouraging personality.

Pat was such a spunky, giving lady and she will be missed by her many friends. I only knew her for a few years but was deeply touched by her concern and care of our military people and veterans. She truly loved them and was happy to help in any way she could.Joining the DAR made her very happy - we will all miss her spirit and love.Barb
