Our thoughts and prayers are with your family. Your father touched all of us kids in different ways. I remember him treating all of us with respect and wanting to know a little bit about each one of us. When we were engaged in a rough game of basketball he would come out knowing things were about to get out of hand. He treated all of us like he wanted us there and we were all treated like family by both Mr and Mrs king. Thanks for helping raise us. With Love and Sympathy Chris and Sherry Jensen

His great grandkids always made him smile. They were his world. 😊 They sure will miss snuggling next to him.

I have so many memories of "sleepy". Whether he was picking me up for driver's training or indirectly funding my Klondike Bar habit, Mr. King was always a blast to be around. My love the King family. I will miss him. Wooley

Adam, this made me laugh...that's for that. After you would leave after polishing off a pick of Klondike's, my dad would always say, "that boy can eat." And I would say, "next time he comes over, order a pizza... you haven't seen anything yet!" Haha, good times.
