last time i saw Danny was at Big Boys in Dearborne,mi.I was sitting at a table with my 2 boys and he walks in and recognizes me from grade school and me hanging out with his brother Jim.We talked for a while and i ask about Jim. He said he got married and i believe was a tool and die maker. We wished each other good luck and he sat down to order as we were leaving. Both Dan and Jim were great guys.Sorry to hear of their passing.much to young for sure. mark

Dear Dan....There are no words to describe how much you will be missed and how much you are loved by so many....your connection to our family started through my brother Tommy but you quickly formed a bond with all of us Williams's. We shared homes, friends, good times, bad times, laughter, memories, stories and lots of experiences in Clawson, Madison Heights, and of coarse The Lantern. You will forever live in our hearts, minds, and souls....RIP sweet Dan 🙏❤️🙏

I first Met Dan up at Ferris State College, we lived across the hall from each other at Hendersen Hall, it was 1973. We were from neighboring towns back home, him Madison Heights and me Clawson. We quickly became friends. At that time Dan was enrolled in the accounting program and me in the HVAC program. We would talk about our future careers and he would kid with me about how he would be sitting behind a desk, pushing nothing heavier than a pencil, in a clean air conditioned environment while I would be busting my hump under extreme weather conditions. Danny loved to stir the pot and he was pretty good at it. So fast forward a couple years down the road. I graduated from Ferris, bought a house in Madison Heights and started working for a heating/cooling contractor. I hadn't seen Dan since he left Ferris for summer vacation that first year. So we bump into each other at the Green Lantern and start catching up. So he tells me that he abandoned the accounting idea and that he was taking HVAC classes at the local community college and he's looking for work. So I tell my employer about Dan and he hires him. So fast forward again, we're both in the Pipefitters union working as HVAC journeyman and we're working together on this big office building trying to get the air conditioning back on. It was a very hot, humid day and we were both miserable, the sweat was pouring off us. And then I would look at Dan and ask "tell me again, whatever happened to that accounting career". lol. We had a lot of good times. I'm sure going to miss not being able to pick up the phone and hear his voice again. Farewell my friend. You will be missed by many. May God Bless you now and forever.
