Momma, you were the glue that held us all together! Your kindness to everyone you spoke to will be remembered forever! You left a legacy all should follow, be kind to everyone even if they're not nice to you! You are so missed and loved by everyone who knew you especially your children, grand children and great children. We will share the stories you shared with us to our little ones and many we will encounter in our future. You will live on in our hearts and our memories. Momma's see all so I know you'll be watching over us all from Heaven. I love you forever! Linda

Grandma Mandy played such a memorable role throughout my childhood. Her handmade blankets became family treasures. She and my Papaw Joe once collected our broken Barbies and dolls so they could take them to a "doll hospital." Not sure if it really existed but we didn't care. My sisters and I looking forward to their every visit via their large van that once played funny music when it arrived. I loved her dearly and am sad to hear of her passing. She'll always have a place in my heart.
