My beautiful cousin who is more like a sister to me, taught me so much in life, I don't know what would have become of me without your loving meaningful presence in my life. From doing my hair as a very young girl, teaching me how to love like the love you showed for others, to having a beautiful family for all of us to love, every step of the way was so inspirational. I have loved watching you fall in love with Jeff, bringing your beautiful kids Jacki, Jeffrey and John into this crazy world and instilling great values in them and showering your grandkids with the love that most never ever experience. It has been my greatest blessing to love you for so long. Although not long enough for all of us, we now have to learn be at peace with you as our angel above watching over and protecting us. I will love you always, think of you daily and miss you forever 🙏❤️🙏❤️

I have never met a warmer person than my niece Tammy. She met my nephew when they were young and later married him, giving him 3 beautiful children. She was the most down to earth person, but what I love most about her, is the way she loved my nephew, her children and her grandchildren. That was her world, her family. I love you Tammy, thank you for being you and all our crazy, beautiful memories
