Zoë Leach sent a virtual gift in honor of Elaine.

Elaine was more than just a second mom. She always helped me through so much and always supported me through everything that I went through. She loved me as if I were her own child. She's been there through the ups and the downs and every other step in between. I love her more than I really show and I hope that she is comfortable and not in pain anymore. Abby, I love you more than anything. You are my best friend and my sister and I will always be here for you no matter what. I will love and protect your child when they are born and treat them the way I would treat my own if I had them.

What can I say, Lanie, you will be missed. We always had fun when we were teens. We Roller skated, went dancing at the Premiere Center on Sundays, went to the drive in on VanDyke and the Arcade. We went to a few concerts as well. I remember the night you met Curt. It was love at first sight for both. What I will always remember was your laughter, your wicked sense of humor, The long drives and just hanging out. I remember when you met Abby. You were so excited and knew you loved her more than anything. Rest in Peace Lanie and know you were loved by everyone who's heart you touched, which was a lot. Love you my friend. This is not good bye, this is see you later. ❤️
