So many memories and so many firsts together that I will never forget and hold close to my heart for the rest of my days! I remember walking around the block with a Boombox jamming Michael Jackson, my first slumber party ever happened at your house, first time I ever skipped school it was with you (and we got caught), and so many more! You were my very first friend and I will never forget growing up with you!

Terri sent a virtual gift in honor of Jennifer.

What can I say, I think the sweetest most memorable moment when she was a child was when Monte and I were moving to Kansas and I told her and she asked are you going to see The Oz? She also said look for Toto. She had a crush on Monte when she was a child and we all thought it was cute. 😊 I talked to her about a week before this tragedy and I will always remember her voice, laughter and how she always made sure I knew that she loved her Aunt Terri and she knew how much I loved her. We'll meet again one day. One great day when the family is all back together. Watch out for Timmie Jennifer, he'll get you in trouble up there. 😊🙏 Love you so much ❤️
