“ Granny was so old, we thought she would be with us forever. So when she passed it kind of took me by surprise. It's funny how at the service when they ask if you want to say a few words the fear of public speaking made my mind go blank, and now that it's all over the memories come flooding back. I will miss our visits and all the stories she would tell over and over. She would always ask if I hear from this one or that one. I feel bad for them that they didn't have the chance to know her as I knew her.
